DEMOCRATS AND REPUBLICANS PLAN BIG "SPEECH-FEST."

SPEAKERS OF NOTE FOR EACH MEETING

Lamm and Wadsworth, Republican Headliners; Marshall and Smith Democratic Attractions.

The opening of both the Democratic and Republican county campaigns will be held in Maryville next week, the Republicans to have theirs on Wednesday and the Democrats on Thursday. Both meetings have been extensively advertised and a large crowd will be in attendance on both days to hear the political issues discussed by the speakers of both parties.

The Democratic meeting will be held in the Scoville tent, on the public school grounds. Vice President Thomas R. Marshall will be one of the speakers for the afternoon meeting and Senator Hoke Smith of Georgia will be one of the speakers for the evening meeting. Other speakers will be Charles M. Hay, of St. Louis, Frank W. Allister, candidate for attorney general; Congressman Charles F. Booher of Savannah, Judge J. M. Dawson, candidate for circuit judge, and James W. McKnight, candidate for state senator.

It is probable that Senator W. J. Stone and former Governor A. M. Dockery will also be at this meeting, but definite word concerning them has not been received from the state committee. Col. F. D. Gardner is also making an effort to come to this meeting, but his coming is not certain.

Vice President Marshall and Senator Smith will sure be here for this meeting. The county committee has received letters from both the national and state committees confirming this. They will arrive on the noon Burlington train. Mrs. Marshall will accompany the vice president.

The Republicans will hold their meeting at the court house on Wednesday. In the afternoon the address will be made by Judge Henry Lamm, Republican candidate for governor; Senator James W. Wadsworth of New York, Editor C. D. Morris of St. Joseph. The speakers for the evening meeting will be Congressman Phil Campbell of Kansas and A. M. Hyde of Trenton.

The Republicans have secured former Senator Elmer J. Burkett of Nebraska and A. W. Brewster for speeches here the Saturday before the election.

H. S. TO STANBERRY

FOOTBALL TEAM GETS INTO ACTION THERE MONDAY.

HAVE HAD STIFF PRACTICE

Boys Realize That Stanberry is Tough Team to Beat, But Are Confident of Winning.

After a delayed start the High School team will get into action at Stanberry Monday. The team has had good stiff practice sessions every evening this week and the boys are full of "pep." They realize that Stanberry is a tough team to beat, but they are confident of winning. Coach Schultz named the men Thursday who are to make the trip. The following men will probably start the game: Left end, Joe Kemp; left tackle, Lester Masters; left guard, Chester Lyle; center, Robert Groppe; right guard, Earl Lewis; right tackle, Don Hagins; right end, B. E. Condon; the back field will be chosen from Loren Egley, Russell Woodward, Ernest Daniels, Paul Pickens and Ralph Wray; Robert McGinty or Clark Evans may be started in a line position.

The team will attend the Normal-Palmer game this afternoon in a body. The ends and back field men will report at the Normal field tomorrow afternoon for kicking practice. Just before the Stanberry game Coach Schultz will appoint one of the men to serve as captain during that game. After the game a permanent captain will be appointed.

The team will make the trip overland in autos. Several students intend to accompany them.

WERE AT OMAHA MEETING

Demonstration For President Wilson Biggest Since Inauguration—150,000 People There.

J. H. Harvey and Mr. and Mrs. L. P. Colvin of this city were in Omaha yesterday in attendance at the reception given to President Wilson. Mr. Harvey, who returned from that city, said the president was cheered during the day by crowds estimated at more than 200,000. The size of the crowds and the enthusiasm shown far exceeded anything President Wilson has experienced since his inauguration. It was an impressive demonstration, which greatly pleased the president and his political advisers.

Mr. Harvey, who also attended a stock show being held in Omaha, talked to a number of the farmers from Nebraska and Iowa. Quite a number of Republicans told Mr. Harvey they were going to vote for Wilson this year, and expressed the opinion that he would carry Nebraska big, and also Iowa.

SELL 1ST PRODUCT

MO. CANNING CO. DISPOSING OF 2,500 CANS OF TOMATOES.

PROJECT NOT SUCCESS

Planted Tomatoes Too Early, But E. Kuster, Manager, Still Believes Venture Could Be Successful.

"Nodaway Brand," Hand Packed; From the Maryville Canning Company, Maryville, Mo. This is the way they read—the labels on those 2,000 cans of tomatoes—the first product of the first canning factory in Maryville.

The Maryville Canning factory was started last spring by E. Kuster and H. E. Tosspon, who rented five acres one mile north of town. They planted this land in tomatoes, carrots, peas and beans. They started canning in August and have since put up about 2,500 cans of the vegetables.

"Yes, there are 2,000 of them," said Mr. Kuster, the head of the canning house, as he loaded basket after basket with the cans and carried them into a near-by grocery store. "But we should have had 10,000 by rights. We made a mistake and planted too early and as a result the vines stopped bearing. But what we have are fine—large red juicy tomatoes, and with no injurious chemicals used in the canning for the purposes of preservation.

"We put in five acres last spring. We planted other vegetables, too. Back in the factory we have fifty cans of peas and fifty cans of string beans that we put up, but we specialized on tomatoes, and they would have been a success, too, if we hadn't planted so early—but then, people have to learn.

"We haven't decided yet whether or not we shall continue," said Mr. Kuster. "The expense was heavy and the results were not what we expected. We may give the thing another trial, though, as I believe that Maryville is the right place for a canning factory if a man owns his own land and makes a good start.

"My son-in-law and I did most of the canning. We had four peelers, but aside from that we handled most of the canning work ourselves."

NEED NEW LICENSE?

QUESTION RAISED IN CONNECTION WITH POOL HALL REMOVAL.

MAY NOT GET TO MOVE

Yeo Brothers Will Probably Stay at Old Stand if Ordinance is Adopted and New License is Needed.

Whether Yeo Brothers can move their pool hall from its present location to the new location in the Graham building without first getting a new license is a question that is bothering the city authorities today. City Attorney George Pat Wright was busy looking up the city ordinances this morning relative to this matter, and his opinion at that time was that a new license would be necessary before they move.

Mr. Wright is drafting the proposed new ordinance, which will make imperative the signatures of two-thirds of the property owners in a block before a pool hall can locate within that district. This ordinance will come up to-

BULGARIAN ARMY NOW RETREATING

BRITISH DRIVE ENEMY BEYOND STRUMA RIVER.

VIOLENT FIGHTING IN EAST AND WEST

Struggles in Volhynia Rival Those of Somme in Fierceness—British On Offensive Near Verdun.

Special to The Democrat-Forum.

London, Oct. 6.—Important developments have taken place in the Balkans during the past twenty-four hours overshadowing the operations in all other zones of fighting. The Bulgar army facing the British in Macedonia are in retreat, and this may compel realignment of their forces all along the Struma river. However, conflicting reports are issued by the British and Bulgar war office on these operations.

The British announced the capture of the Greek town of Nevotlen, while Sofia claimed the British drive in that direction failed.

Fighting is in progress upon both the western and eastern fronts. Correspondents to German papers describe fighting in Volhynia as rivaling the battles on the Somme front for fierceness.

London, Oct. 6.—Fighting in France is now extending beyond the Somme and Verdun areas to which it has been practically confined for the last six months. In the official report of the

PERTINENT QUESTIONS.

(From address of Thomas R. Marshall, accepting his second nomination for vice president. Vice President Marshall is to speak in Maryville October 12.)

"Do you have much faith in a candidate who, in the most awful cataclysm of civilization, assaults, for mere party supremacy, a patient and patriotic president for acts of omission and commission, and yet is not courageous enough to say what he would have done under the circumstances or to make any promise as to his future conduct?

"What do you think of an organization which seeks to foment trouble among our own citizens for partisan purposes with the certain knowledge that the warring nations of the world will be impressed with the idea that we are a divided people, and that they may freely violate the laws of neutrality without fear of either punishment or reparation?

"Are you willing to be plunged into war which may sacrifice the best blood of the republic, rend us into factions which decades may not reunite, and dissipate the resources of the most prosperous and contented people on earth, merely to cool the hot blood of some few men who have got too close to the conflagration to remain calm and self-poised Americans?

"Don't you know that the one thing which would have rendered the re-election of the president a certainty would have been to engage in war?

"Do you want to punish him for the peace which comes at eventide like a benediction upon every home, and for her hand-maiden, plenty, which cheers and warms our hearts?"

UNDER A PROTECTIVE TARIFF.

When the Republican spellbinders begin to talk tariff and protection of the workingman under Republicanism, it is well to remind them what happened to the workingman in the Roosevelt administration, under the Republican Dingley tariff law, which had then been in force twelve years. The Johnstown Democrat has gathered the evidence, as follows:

More than 2,000 men march to city hall at Detroit and demand work.—Date, Jan. 28, 1908.

Chicago Federation of Labor estimates the total number of unemployed men in Chicago at 100,000 and issues a warning to all craftsmen to keep away from the city.—Date, Feb. 11, 1908.

New York City government urged by Central Federation of Labor Union to let subway contracts to furnish work for 500,000 unemployed men.—Date, March 15, 1908.

One hundred thousand men march through the streets of New York singing the Marseillaise; speakers preach revolution and demand work; a bomb thrown at police by anarchists.—Date, March 28, 1908.

More than 200 Bulgarians petition governor of Colorado for employment or for aid to return to Bulgaria.—Date, March 20, 1908.

One thousand foreigners march toward Philadelphia city hall demanding work; a riot; three policemen shot; 14 anarchists arrested; hundreds beaten by mounted police.—Date, Feb. 20, 1908.

Labor unions report 50,000 idle men in the Kensington, Pa. district—Date, Feb. 10, 1908.

Unemployed in San Francisco form a league and demand the issue of $23,000,000 in bonds to aid unemployed.—Date, March 23, 1908.

One thousand Hungarians march through the rain to receive a loaf of bread each at Toledo.—Date, March 28, 1908.

At Camden, N. J., a riot follows application of 1,500 men for 400 jobs advertised by the Joseph Campbell Co.—Date, Aug. 10, 1908.

Loan of $9,000,000 to provide funds for public work asked by city of Philadelphia for unemployed; race riot followed demonstration of unemployed; Italians attacked by other nationalities.—Date, March 15, 1908.

The last report of the city comptroller of St. Louis shows that the revenues of that Republican city have increased 26 per cent during the past nine years, while in the same period the fat salaries of the slick and sleek Republican politicians who govern that city have increased 36.5 per cent. Is that the kind of a "business administration" the Republicans want to inaugurate at Jefferson City?

ROBBED FRIEND YEARS AGO.

Wichita (Kan.) Banker Hears From Man Whom He Never Suspected.

Wichita, Kan.—Thirty-six years ago A. J. Hargis, vice president of the Security State bank of this city, spent the night in a Medicine Lodge hotel with a young friend who had come west with him to make a fortune. In the night their room was entered, and Hargis was minus $14 in the morning.

He had forgotten the incident, becoming wealthy in the meantime, but the other day a letter came from the former bed mate telling him that his conscience would no longer permit him to live in peace until he had confessed that he was the robber. The letter stated that the writer didn't have the $14 handy now, but would send it soon.

night at the city council meeting, and the indications are that the measure will carry.

If after the ordinance is adopted the decision should be made that Yeo Brothers would have to have a new license before they move to their new location, it is very doubtful whether they would be able to secure the necessary signatures of property owners in that block.

Yeo Brothers, when they signed the lease for the building, had first taken the matter up with the city council and had received permission for their removal, but not by a resolution or ordinance. Yeo Brothers at that time also spoke to the merchants whose property is adjacent, and no objections were raised then. Improvements on the building where they intended moving were made, and their old location was rented to C. S. Casey. If Yeo Brothers should lose out it will cause inconvenience to several persons.

JAMES TODD, Postmaster.

It should be understood right now that when the people of Missouri order a new constitution they will cause that instrument to be written by the friends of the people and not by their enemies. The Republican party gave us the Drake constitution, under which ministers of the gospel were sent to jail. Missouri will have a new constitution at no distant day, but the people of this state are firmly resolved never to endure the tyranny and corruption of another Drake constitution.

A vote for Judge Lamm will be a vote for the Republican politicians of St. Louis city. They nominated him, and they are now managing his campaign. If elected, they will control him; and the same rapacious band of political pirates who have so mercilessly plundered the taxpayers of St. Louis will install their nefarious methods at Jefferson City.

URGES TRADE FESTIVALS

Merchants and Newspapers Should Co-Operate, Says Advertising Expert.

Merchants in Missouri towns and cities should co-operate with the newspapers of their communities in an annual fall festival week for the development of new trade, says J. B. Powell, instructor of advertising in the school of journalism of the University of Missouri at Columbia.

The plan which is modeled after one employed by the large cities of the state, the Fashion Show in Kansas City and the Veiled Prophet Festival in St. Louis being examples, could be carried on in the same way on a smaller scale in small towns with large returns financially. Many of the medium sized cities of the state have already adopted the plan and it has been successful, according to Mr. Powell. The merchants make special displays of new stock of goods; the movement is fostered by the local commercial or trade organizations, and the home-coming element can be featured. The railroad refund plan, whereby a visitor buys a certain amount of goods in the town and gets his railroad fare refunded, has also been used with success.

To the town it means permanent results in the unifying of business interests, fostering of civic pride in entertaining visitors, and advertising. Much of the business that usually is sent out of town to the large cities is therefore saved for the local merchant. Mr. Powell includes the newspapers in the plan because he says that no business plan involving all the interests of a community can be successful without the co-operation of the newspapers.

UNIVERSITY STUDENTS BUSY

Young Democrats and Republicans Have Clubs and Are Working For Their Candidates.

Student politicians at the University of Missouri have entered into the present national and state campaigns by the formation of the Students' Democratic club and the Hughes-Lamm-Dickey club. Each organization is composed of the students who are old enough to vote and who have decided which political party they shall follow in the election. The Hughes-Lamm-Dickey club members entertained Judge Henry Lamm when he spoke in Columbia recently. The young Democrats are planning a big rally when Col. Frederick D. Gardner speaks. One of the most enthusiastic members will be Frederick King Gardner, son of the Democratic candidate, who is a freshman in the university. Young Gardner is a member of the executive board of the Students' Democratic club. Alec C. Bayless is president of the club; Frank H. King, editor of the Daily Missourian, is a member of the executive committee, and other officers and committeemen have been chosen from various parts of the state.

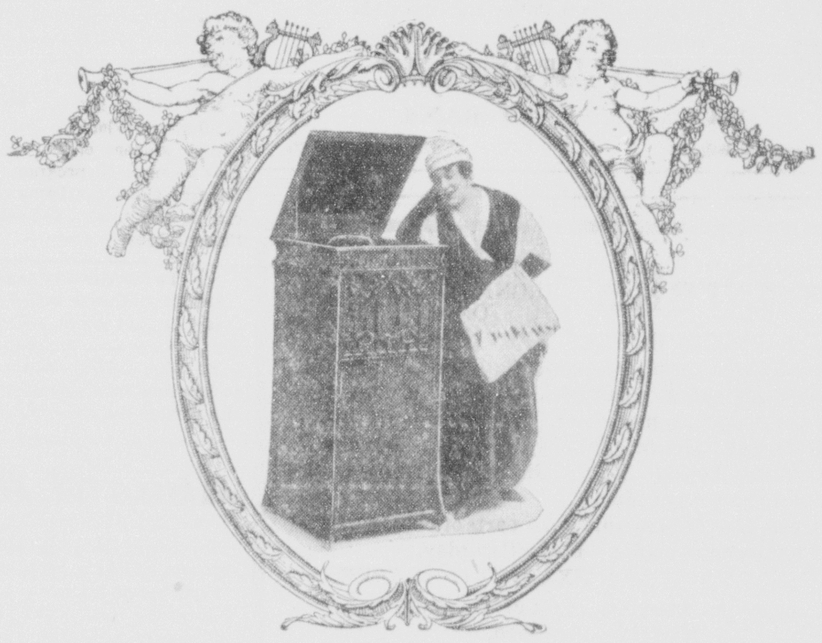
$1,000 Prize Contest

And 10c a Word for Your Opinion

This offer is open to anyone complying to the simple rules of this contest



Reproduced from an actual photograph of MARIE RAPPOLD, the famous soprano of the Metropolitan Opera, singing in direct comparison with Edison's Re-Creation of her voice and proving that one is indistinguishable from the other.

Bringing it Home to You

—$1,000.00 in Prizes

And 10 cents a word for your opinion, as explained below

In every locality there is a merchant licensed by Mr. Edison to demonstrate and sell the New Edison. This merchant has set aside a limited number of specially tested instruments which will be sent on absolutely free trial to the homes of responsible people during Edison Week. Bring Music's Re-Creation into your home. Keep the instrument for three days during Edison Week. Let your family form its opinion. Then put that opinion into words.

The music critics have told in their language why the New Edison is infinitely superior, from their standpoint, to any and all talking machines. We want you to tell us in your language why the New Edison is more valuable and desirable in the American home than any talking machine. We want you to tell us why it is superior as an entertainer and as a means of developing real culture and musical appreciation on the part of your family. We want a booklet that will tell the human side, and this is what we are willing to pay for your opinion:

$500 for the Best Opinion.
$200 for the Second Best Opinion.
$100 for the Third Best Opinion.

Ten cents per word for opinions which do not win prizes, but which we decide are worthy of publication. No opinion to be more than 200 words in length.

The Conditions Are Perfectly Simple.

Go to the Edison dealer at once and apply to him for a three days trial of the New Edison during Edison Week. If you are not too late he will give you an entry blank containing all of the conditions. Let us make plain that you assume no obligation to purchase the instrument placed with you. At the end of the three days trial you may return the instrument if you desire to do so. This free trial imposes no responsibility upon you except that you promise to be careful of the splendid instrument that is to be placd in your home.

Professional writers and phonograph trade are barred. You don't have to be a trained writer to win a prize. Ideas are what count. You can make grammatical errors and misspell words and it will not count against you. We want your feelings expressed in your own words. Don't wait. Act quickly. Remember the number of instruments available for these free trials is limited. Should you be too late to have an instrument placed in your home, there is a consolation contest open to you for the best opinion based on merely hearing the New Edison in an Edison dealer's store. The prizes in this consolation contest are

$125 first $50 second $25 third

The dealer will explain everything to you. Go to his store this very day. Owners of the New Edison may compete. Go to your dealer and get an entry blank.
